It's A Woman Thing

It's a woman thing, it's a women thing
It's a woman thing
Ooh baby it's a woman thing

It's the reason the world goes 'round
Pay attention and you'll hear the sound
So you don't have to be afraid ..baby
'Cause we will always be around
Our love will always save the day
In that special Venus way
So baby if you're good to me
Ijust might let you stay ...a little longer

So take my hand and you might understand
What's been a mystery in all history

It's a woman thing, it's a women thing
It's a woman thing
Ooh baby it's a woman thing

Always willing to please you
Wanna have fun and tease you
But baby don't you get fresh with me
I expect you to act respectfully
They say we're not gonna survive
Unless we get a little crazy
So sometimes when I get into a vibe
I'm gonna make everyone crazy baby

So take my hand and you might understand
What's been a mystery in all history

It's a woman thing, it's a women thing
It's a woman thing
Ooh baby it's a woman thing

Produced by Nile Rodgers

Musicians:
Nile Rodgers – Guitar and Bass
Richard Hilton – Keyboards and Programming
Herbie Tribino – Keyboards and Programming
Chuzz Oliver – Keyboards and Programming

Martha Byrne would like to thank her husband Michael, her family, the gifted talents of Jennifer Marks and Nile Rodgers and would especially like to thank Philip Morris and EMCI for their confidence, support and the opportunity to perform.

Martha Byrne

Daytime Emmy winner Martha Byrne began her career on Broadway at age 10. Since then, she has starred in numerous film and television projects and her singing has been showcased in a number of these roles. Martha has performed live at various clubs in the New York metropolitan area and is very excited about her debut on the Woman Thing Music label.

Nile Rodgers

An acclaimed musician and producer, Nile's credits include platinum albums for Madonna, David Bowie, INXS, Sheena Easton and Diana Ross. In his career, Nile has earned several Grammy Awards and American Music Awards, a Lifetime Achievement Award from the National Association of Recording Arts and Sciences and numerous other music industry accolades.
